

This Week:

- **New Open Data Portal Launched**
- **Employee Development & Training Portal Live**
- **See You at the State Fair**

New Open Data Portal Launched

The Statewide Data Analytics team completed the configuration and launched the new Open Data Portal this past week. The hybrid cloud based mobile enabled solution is from CKAN, a leading data management system that makes data accessible – by providing tools to streamline publishing, sharing, finding and using data. More on the solution can be found at

www.ckan.org and you can check out the new solution for Illinois live and in action by [clicking here](#).

Employee Development & Training Portal Live

The updated [Employee Development and Training](#) page is now live on the employee portal. This new page shares many valuable training, professional and personal growth opportunities, as well as useful links to tools, resources and guidelines. Procedures for those interested in taking courses are also included on the page.

See You at the State Fair

We're receiving great reviews on the DoIT display at the IL State Fair. Don't forget to stop by the Governor's tent to play our DoIT interactive cybersecurity game or putt with Abe! We are located at the intersection of Main Street and Brian Raney Avenue. Check out the [DoIT Twitter page](#) to see the week's activities and visitors, including Governor Rauner.
